Lecture – BAAK rules

- Students have to:
 - Attend 75% of all lectures
 - Attend at least 4 lectures as pre-requisites of Mid-test
 - Attend at least 12 lectures as pre-requisites of Final-test
 - Acknowledge BAAK if cannot fulfill the requirement

Lecture – BAAK rules (cont.)

- Lecturer preferably do:
 - Crosschecking student attendance list (I will probably)
 - Motivate students to attend the lecture (No, I will not)
 - Give assignments if student doesn't attend the lecture (May be yes, may be no)
 - Give 14 lectures (Yes, definitely)
 - Upload the presentation at ebelajar.stiki.ac.id (No, I will not)
 - Give at least 3 assignments and put it on ebelajar (Well, probably)

Lecture – My principal rules

- They who prove that they have good-enough abilities and efforts shall pass
- They who cheat during the exam shall die
- They who only accepts my words without seeking further the truth behind are idiots

Lecture – My practical rules

- Attend the class if you really want to attempt, else begone
- I will always give you a little theory, a little example (practical way to implement the theory), and give you assignment
- If you don't do the assignment, begone
- I will wait 15 minutes. If there is no one, the class dismissed, no substitution lecture
